

**Insurance Coverage** Products and services offered at St. Michael's Holistic Natural Health Center are not usually covered by insurance programs, medicare or medicaid for they are holistic approaches for self improvement and functional support only. In very rare cases, some programs may reimburse clients directly if they feel the program is beneficial to their customer's well being. However, this is between the client and their insurance carrier or social services. St. Michael's Holistic Natural Health Center will not intervene or participate in any manner on the client's behalf for acquiring re-imbusement, for doing so would be misrepresenting St. Michael's Holistic Natural Health Center as a medical provider. This includes average cost calculations and direct requests from third parties. It is the client's responsibility to determine their cost calculations, if requested by a third party which may grant allowances for such purchases . It is suggested that each client maintain and keep records of their receipts. Any missing or lost receipts is the client's responsibility. St. Michael's Holistic Natural Health Center is not a medical facility, and must not be misrepresented as one by any client in order to receive such re-imbusement of benefits in a fraudulent manner. Any such attempt will result in termination of one's program and future purchases. St. Michael's Holistic Natural Health Center reserves the right to participate or not to participate in any future considerations of insurance coverage in the future by third parties insurance providers.
